"Peter was extremely helpful to us as first time homebuyers and was able to guide us through the process with expertise, great advice, and wonderful customer service. He always patient with answering all of our questions and got us new lists quickly every time we changed our minds. He really eased our anxieties about purchasing a home and made the experience a wonderful one. We couldn't recommend him more!"

"Pete Mansk was really great to work with. He made our home buying process very easy and stress free. We told him what we were looking for in a home and he made it happen. I would definitely work with him again. Very impressed with the way he conducted business."

-Dustin W

"Pete was so great. He walked us through any house we wanted to see. He was patient and never pushed us into anything that made us uncomfortable. He offered to drive us if we were seeing multiple houses in a day. He did his research and was knowledgeable about the areas, types of houses we were going to see, as well as the details of the house. He aw so kind to our two year old as well! When it came to negotiating the sale he made sure that it was fair for both parties and that we were not walking out of it unhappy. We recommend Pete to all of our family and friends and if we ever were to move again we will definitely be using Pete."

When looking to relocate and invest in a property in Minnesota or Florida, I strongly recommend working with Pete!"

Was in my corner and helped me every step of the way. Could really tell he cared about me as the buyer instead of just making a sale. Made a point to show me all of the properties that I wanted to see, came prepared, and did his research.
